Club Captains Update

Hello members

Well that didn't work as we were supposed to get a letter out early August, well now September and we are in Rugby World Cup fever. We did enquire about getting some late licenses for some specific games but cost was very prohibitive, <R W C >is what it stands for and anything to do with it has a price tag. We are trying to get a late license for the 23rd of October to coincide with our Trevally comp, but are not holding our breath.

For you fishies out there that is the final for the R W C , whether New Zealand Is in it or not ,It will be a great spectacle. Bob will be running sweep stakes on particular games. Closet to final score wins.

Well back to basics, we have held two fishing comps over the last couple of months. Both have gone well, well patronised and run. We have to thank those sponsors for this success as prizes bring anglers. Our fishing committee were left in the lurch on the last comp as main sponsor had double booked the weekend ,but did a fantastic job.

We now have our prized Snapper trophy back in the club. This will be mounted beside the fishing board and will be a token trophy, anybody that wins will only get their name engraved on a plaque, not to be removed from the club. This comp will be run on the 19th 20th November. We do need sponsors for this so please if you know anybody that would be interested point them towards Rod Mc Namara or Steve Grainger.

Our prize giving was a lot to be desired and not well patronised, It was a little disappointing that people weighed in fish for the year but didn't want to even turn up and except their trophies. We will have to review our prize giving and acceptance of trophies next year as there is a big cost to the club for engraving and miniatures. We also feel that trophies shouldn't leave the club so will have to get a consensus on that.

Our patriotism has been down over winter but as spring and R W C fever kick in, we are seeing a better turn out. we accept it is a hard time for all, and as such we try to entice members to make the most of our club. After all we all have to be somewhere and preferably with friends in a safe environment.

Our last late license was the 3rd September and unfortunately the committee decided to cancel. This was done mostly to conflicting functions. We decided it was not a viable proposition as would not be a financial benefit to club (cost of DJ, Cost of food, And poor attendance) We do take this seriously and were not happy with proceedings, however it turned out to be the right call as we still had late license but poor attendance.

Our next late license is the 1st of October and will serve a full meal followed by the band "just Us", This band has a very good mix of songs and gets people going. Please come along and support your club. Meal from 6pm and band starts at 7pm, there is a R W C game but nothing to the dancing performers. Don't even know if we should turn the TVs on. France Vs Tonga 5:45pm England Vs Scotland 8:15pm

Tickets for battens up are now on sale. The date for this is the 5th November which is also a late license.

Enough for now,
Regards Keith

FISHO'S REPORT

Hi All Fisho's,

Well wasn't that a great Kahwai comp last month, thanks to 57 anglers, Gary Halton sponsoring \$500plus, Thomson & Walker coming to the party with product, Mate Vlasich supplying the meat for the barbie and the early bird prize, thanks to all those that helped. Get ready for our next comp, which is a Snapper comp on November 19th & 20th, I think this can be even bigger, who will be the fisho to get his name on the new trophy for the first time? (not Darren Butterworth)

For the inner harbour fishos don't worry we plan to have something for you guys.

Well that's it for now cause I'm busy, see you on the water or at the club

Cheers Rod & Steve

Joke/Special Gift

A man was surf fishing along the beach when he found a bottle. He looked around but didn't see anyone so he opened it

A genie appeared and thanked the man for letting him out. The genie said, "I am so grateful to get out of that bottle that I will grant you any wish, but I can only grant one."

The man thought for a while and finally said, "I have always wanted to go to Hawaii and fish along the beautiful beaches of Hawaii. I've never been able to go because I cannot fly. Airplanes are much too frightening for me. On a boat, I see all that water and I become very claustrophobic. So I wish for a road to be built from here to Hawaii."

The genie thought for a few minutes and finally said, "No, I don't think I can do that. Just think of all the work involved. Consider all the piling needed to hold up a highway and how deep they would have to go to reach the bottom of the ocean. Imagine all the pavement needed. No, that really is just too much to ask."

The man thought for a few minutes and then told the genie, "There is one other thing I have always wanted. I would like to be able to understand women. What makes them laugh and cry, why are they temperamental, why are they so difficult to get along with, when they want attention, when they don't. Basically, what makes them tick."

The genie thought for a while and said, "So, do you want two lanes or four?"
